

TOMRA Sorting – Global Sales Meeting.

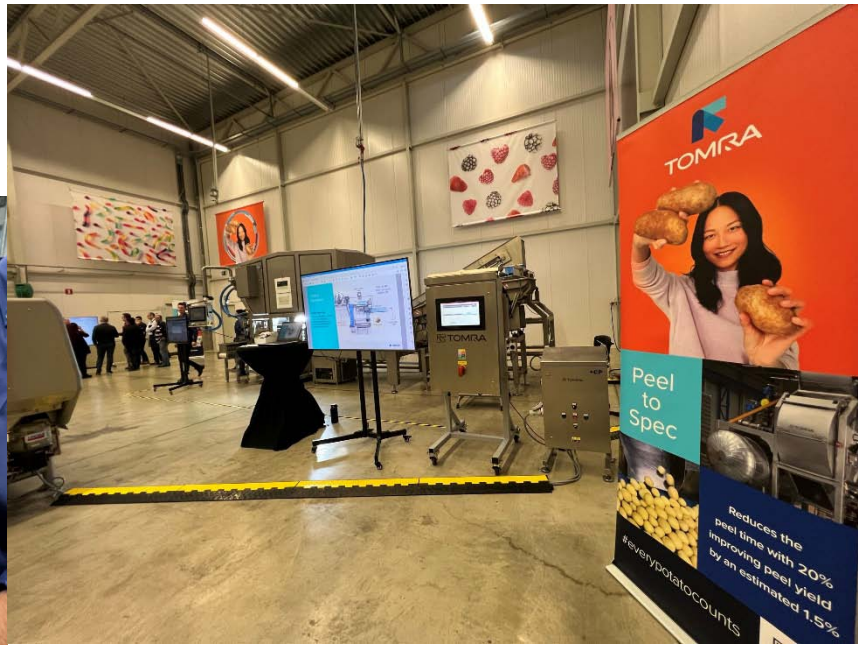

For four days, all TOMRA employees were able to attend a training course in Belgium: Under the motto "Stepping Up & Standing Out", the latest findings in optical sorting technology as well as steam peeling, new machine platforms and, of course, a lot of good mood were shared.

Some standout highlights included:

- New technology in steam peeling
- New machine platforms
- Exchange of experience in many different market segments
- Project examples and workshops
- New TOMRA 5X X-ray platforms
- Neue TOMRA 5C High End Sorterplattform
- Circular economy
- Digitalization and BIG Data with TOMRA Insight

After 4 days with many new impressions, up to date technology experiences, personal exchange with worldwide colleagues, we can look back on a very successful and finally personal Global Sales Meeting 2022 and offer our partners and customers the latest and most innovative solutions with fresh ideas.
