

INTER POM'22

INTER POM Trade Show in Kortrijk Belgium

THE WHOLE POTATO CHAIN WAS REPRESENTED

Picture: Interpom

INTERPOM is the most specialized indoor trade fair for the potato sector in Europe where the whole chain is represented: from growing, to processing and marketing.

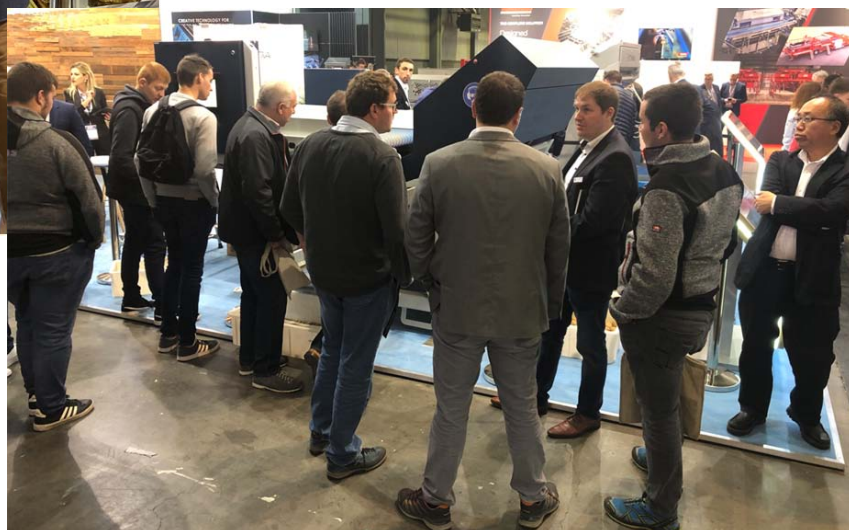

INTERPOM offers a complete and above all sharply focused range of products and services for all professionals in the potato sector: growers, contractors, processors, packers, buyers and traders of fresh and processed potatoes from all corners of Europe – and increasingly, from other continents as well. Over 300 exhibitors from 15 countries and 19 500 visitors from 49 countries.

Also **THELEN-machines** Team was present, to look out for new innovations for our customers.

With our partners we were able to present the newest state of the art optical sorting Technology for whole and sliced potatoes and other vegetables as also our steam peeling solutions.

There was a huge interest for the new optical sorting machines for potatoes.

Many constructive discussions, which finally end in deals, that could be closed direct after the show.

We were happy to have our partner for heat recovery, **PROFENCO** also present on the fair.

PROFENCO is specialised on Heat recovery systems, as they are needed for stem peeler applications.

Highlights on the show:

- **Whole potato sorters**
- Newest technology in **steam peeling**
- New machine platforms in **optical sorting**
- **Energy saving on steam peelers** with **PROFENCO** heat recovery

Three days with many new impressions, up to date technology experiences, personal exchange with our customers. Thanks, for visiting us.
