

INTER POM Trade Show in Kortrijk Belgium

THE WHOLE POTATO CHAIN WAS REPRESENTED

Picture: Interpom

INTERPOM is the most specialized indoor trade fair for the potato sector in Europe where the whole chain is represented: from growing, to processing and marketing.

INTERPOM offers a complete and above all sharply focused range of products and services for all professionals in the potato sector: growers, contractors, processors, packers, buyers and traders of fresh and processed potatoes from all corners of Europe – and increasingly, from other continents as well. Over 300 exhibitors from 15 countries and 19 500 visitors from 49 countries.

Also **THELEN-machines** Team was present, to look out for new innovations for our customers.

With our Partner **TOMRA** we were able to present the newest state of the art optical sorting Technology for whole and sliced potatoes and other vegetables as also our steam peeling solutions.

TOMRA Steam Peeler

There was a huge interest for the new **TOMRA 3A** optical sort for potatoes.

Many constructive discussions, which finally end in deals, that could be closed direct after the show.

We were happy to have **TOMRA's** partner for heat recovery, **PROFENCO** also present on the fair.

PROFENCO is specialised on Heat recovery systems, as they are needed for stem peeler applications. **TOMRA** is one of the biggest manufacturers of steam peelers worldwide. So, explaining the function of stem peeling to our clients we did have direct the experts for the heat recovery on site. Customers appreciate this very much. We say thanks **PROFENCO**.

Highlights on the show:

- **TOMRA 3A / 5A** whole potato sorters
- Newest technology in **steam peeling**
- New machine platforms in **optical sorting**
- **Energy saving** with as **TOMRA** peelers with **PROFENCO** heat recovery

Three days with many new impressions, up to date technology experiences, personal exchange with our customers. Thanks, for visiting us.
